Dear Michael,

I want so much to express my gratitude and appreciation for all the support you've shown me and Urban Zen Foundation during the three-day Global Awareness Launch of SFK. These events are so deeply important to me because I know the impact SFK has had on thousands of children worldwide. Feedback from the events has far exceeded our expectations. The energy, commitment and the passion that we all shared in creating and participating in SFK will change the life of a child and their relationships with family and educators.

One more child who can be given these tools and a chance for a better future makes all our efforts worthwhile. Through the success of these events, thousands more children will be given this opportunity. I cannot thank you enough for making this possible.

I look forward to seeing you again.

Best,
